

## SUNPRIME DOGAN SIDE BEACH OTEL

### OUR HOTEL SUSTAINABILITY REPORT 2023

#### -Employees;

Occupational health and safety training was provided to our employees as every year, in order to provide comfortable and risk free working opportunities.(26,08,2023)

Our staff was given training by the officials of our environmental awareness.(11,08,2023)

Football matches held last year were encouraged to increase the motivation of our employees.

Additionally a boat trip was organized this year.

Our employees , benefit from equal rights in education , protection of human rights and regardless of religion, language or race.

#### -Our guests;

We try to meet our guests requests , which we can fulfill by taking their suggestions in to consideration.

In the meetings we hold with department managers every week , we evaluate the requests , take notes on what needs to be done , and follow up.

-Worn out sunloungers were replaced with new ones and those that could be repaired were repaired.

-Worn out room and beach towels were replaced with new ones.

- We included our local dishes in our buffets.

#### -Respect for the environment;

Training is given every year for environmental awareness, visuals about water and energy saving have been placed in visible places for our guests.

In order to reduce the amount of waste , we prefer large packaged. Products, which is one of our purchasing policies.

We serve our beers and soft drinks to our guests in kegs and premix tanks.

We also separate and recycle our waste.

There is a recycling station within the otel to encourage recycling for our guests.

Our 2023 recycling study regarding this is below;

-We prevented approximately 15 trees from being cut down with 1718 kg of paper waste.

-We saved 15824 kw of energy with 1112 kg of plastic waste

-We saved 1274 kg of raw materials with 982 kg of metal waste.

-916 kg carbon dioxide emission was prevented with 2907 kg of glass waste.

In addition to recycling waste, we also collect hazardous waste, which is harmful to the environment, in a separate warehouse in our hotel and record their quantities. These wastes will be delivered to a licensed recycling company at the end of the season.

HAZARDOUS WASTE TYPE	CONTROL DATE	AMOUNT	DESCRIPTION
TONER	10,05,2024	6 KG	--
GENERATOR OIL	10,05,2024	16 KG	--
HAZARDOUS WASTE CONTAMINATION	10,05,2024	2 KG	--
ELECTRONIC WASTE	10,05,2024	1,5 KG	--
BULBS	10,05,2024	0,1 KG	--
BATTERY	10,05,2024	6,5 KG	--

-Energy saving;

We provide our hotel's hot water needs with solar panels. Environmentally friendly A+ air conditioners were purchased instead of the old air conditioners in our hotel. Aerators have been installed on the taps to reduce water consumption in the rooms. Our staff is given training on water saving. We aim to save 2% with these studies.

-Food safety;

Our hotel is subject to hygiene inspection by a company (iSiS) every month. At the end of the audit our deficiencies or new suggestions are evaluated and possible risks are minimized.

-Support to the local economy;

We supply all of our products from local businesses. We strive to make environmentally friendly purchases that produce less energy, water and waste for sustainable tourism.
